

Internationalt lastsikringsseminar i Slagelse

Den 6.-7. september afholder IRU i samarbejde med TUR og Selandia et seminar opfulgt af en workshop om de nyeste standarder inden for lastsikring.

Den internationale transportorganisation, IRU, og Transporterhvervets Uddannelser, TUR, er gået sammen om at arrangere et lastsikringsseminar, hvor den nyeste viden og standarder samt god praksis inden for lastsikring vil blive præsenteret og drøftet.

Både seminar og workshop afholdes på engelsk. Alle fra branchen med interesse for den nyeste viden inden for lastsikring opfordres til at deltage i dette særarrangement, som afholdes på Selandia i Slagelse.

Pris for deltagelse i seminar (dag 1): **70 EURO**

Pris for deltagelse i workshop (dag 2): **130 EURO**

For tilmelding og for at se det fulde program gå ind på IRUs hjemmeside www.iru.org under events eller gå via TURs hjemmeside www.tur.dk.

Agenda:

Dag 1: Seminar

På dag 1 vil der blive sat fokus på den måde myndighederne på tværs af landegrænser i EU håndhæver love og regler omkring lastsikring. Blandt mange ekspertindlæg vil én af de førende eksperter inden for området, Peter Andersson fra MariTerm, Sverige, holde et oplæg om de gældende principper og standarder inden for lastsikring. Derudover vil der være indlæg fra der vil være indlæg fra blandt andre TUR, IRU, ITD, Kröne, Carls Stahl, Dancrash Tryg Hansa.

Dag 2: Workshop

Dag 2 består af en interaktiv workshop, der følger op på den første dags mere teoretiske seminar. Her vil der blive anvendt såvel pc som "live" simulationer som grundlag for at vise lastsikringsproblemstillingerne i praksis.
